

SENIOR HOUSING ASSESSMENT

WATERLOO, WISCONSIN
COUNCIL PRESENTATION - JULY 20, 2023

Who is Cedar Corporation?

Eric W. Fowle, AICP
Senior Planner

SERVICES

- Planning and Grants
- Economic Development
- Architecture
- Structural Engineering
- Municipal Engineering
- Transportation Engineering
- Water Resources Engineering
- Environmental Services
- Wetland Delineation

95 Employees

Project Background

- Project completed as part of the 2022
 Heartland Housing Initiative.
- Collaborative effort to kick-start affordable housing projects within Jefferson and Dodge Counties.
- Development-focused consulting services.

Project Objectives

- 1. Evaluate Potential Market
 - City-Wide
 - Broader Market Area
- 2. Inventory Existing Facilities
- 3. Identify Potential Market Share
- 4. Identify Potential Senior Housing Sites
- 5. Identify Ancillary/Complementary Needs

National Perspective

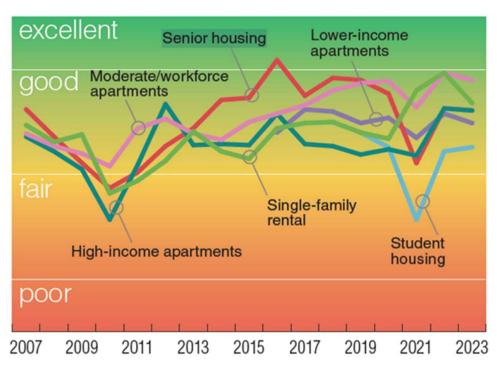

Figure 4: Apartment Investment Prospect Trends

Existing Facilities

- 5 Facilities
- 84 Total Units
- 13 Vacancies (10 at one facility)
- 85% Occupancy Rate
- National Avg. is 82.2% Occupancy

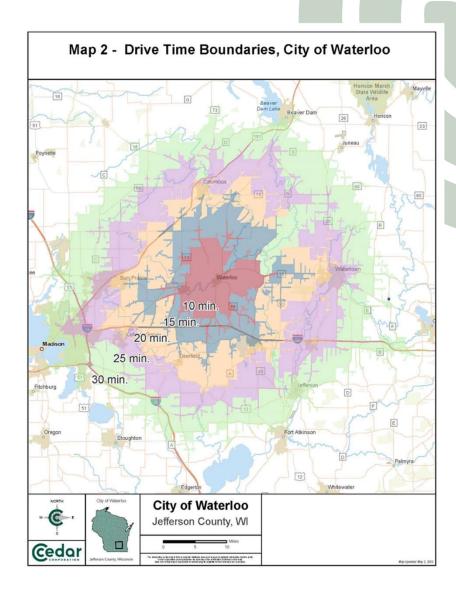

Market Area Definition

- 30 Minute Drive Time from Waterloo
 - "Familiar" Area / Visitation
- 5 Time Increments
 - 0-10 Minutes
 - 10-15 Minutes
 - 15-20 Minutes
 - 20-25 Minutes
 - 25-30 Minutes

Supply (Market Area)

Table 1: Summary of Senior Living Facilities by Drive Time Distance from Waterloo

	Number of Facilities within Drive Time Distance						
Senior Living Facility Type	0-10	0-15	0-20	0-25	0-30		
	Minutes	Minutes	Minutes	Minutes	Minutes		
Community Based Residential Facility (CBRF)	3	6	21	50	112		
Residential Care Apt. Complex (RCAC)	2	2	4	9	18		
Adult Family Home (AFH)	0	1	7	25	63		
Adult Day Care (ADC)	0	0	1	1	4		
Nursing Home (NH)	0	1	3	8	12		
Hospice	0	0	0	3	5		
Totals	5	10	36	96	214		

- 214 Facilities
- 112 are CBRFs
- 4,492 Total Units
- Occupancy Not Known
- If Ntl. Avg., then 764 Units Available

Demand

Table 9: Market Area Populations 65+ Years of Age, 2022 & 2027 by Drive Time Segment

Drive Time	65+ Population							
	2010	2022	2027	Difference 2022-2027	% Change 2022-2027			
0-10 Min.	967	1,335	1,546	211	15.8%			
10-15 Min.	1,048	1,487	1,718	231	15.5%			
15-20 Min.	4,572	6,916	7,981	1,065	15.4%			
20-25 Min.	8,444	12,550	14,286	1,736	13.8%			
25-30 Min.	12,062	19,022	21,750	2,728	14.3%			
Total (0-30 Min.)	27,093	41,310	47,281	5,971	14.5%			

Source: ESRI Business Analyst, 2022.

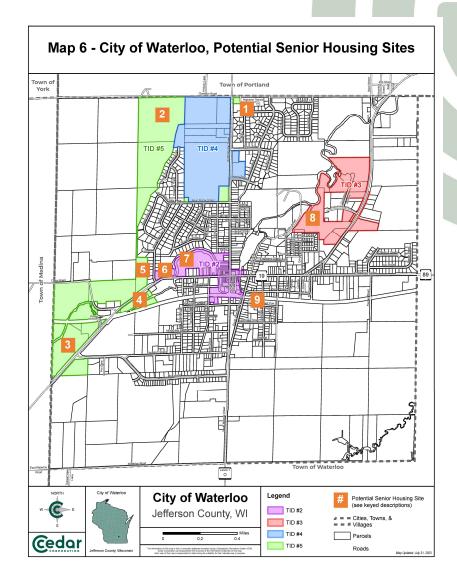

- 5,971 "New" 65+ year olds.
- ~2,236 Units Needed (3,000 764 existing vacant units)
- Assume 2.5-5.0% Capture Rate
- Demand = 56 to 112 Total Units in 4 to 5 years (11 to 22 per year)

Potential Senior Housing Sites

- 9 Potential Sites
 - Greenfield
 - Infill
 - Adaptive Re-Use

Potential Senior Housing Sites

Alternative Housing Types:

- Age 55+ Communities
- Duplex Condos
- ADUs
- Cottage Style
- Apartments
- In-Home Sr. Units
- Housing Co-Ops
- Home Sharing
- Visitability/Aging In Place

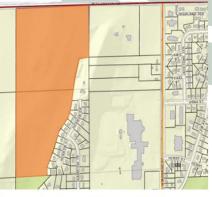

Recommendations

- 1. Integrate into Comprehensive Plan
 - "livability" and creating an age-friendly "livable community".
 - areas targeted (reserved) for future senior housing
- 2. Spend additional time reviewing examples and determining preferences for the types and varieties of senior housing models
- 3. Incentives / TIDs to support the development of new senior housing should be considered
- 4. Market the City of Waterloo as a lower-cost retirement destination
- 5. Review, update, and amend current zoning regulations and modify as required to facilitate development of affordable senior living opportunities. This could include addressing several areas such as:
 - Relaxing Single Family only zoning classifications
 - Reducing lot sizes & widths to make new construction more affordable.
 - · Reductions in parking requirements
 - Creation of Accessory Dwelling Unit (ADU) provisions
 - Creation of Cottage Style/Pocket Neighborhood Provisions
 - Adaptive Re-Use of Abandoned Commercial/Industrial Structures

Recommendations

- 6. Opportunities for retail/housing Mixed Use projects
- 7. Focus on "Quality of Life" improvements
- 8. Target new businesses and services to locate in areas which can serve a growing senior population.
- 9. Continually monitor senior issues and update study in three years.
- 10.Consult and communicate regularly with the Jefferson County ADRC
