

Internship Application

WLOO CATV offers public access, educational, and government (PEG) programming via Spectrum cable television and online. The station is located within City Hall, in downtown Waterloo.

WLOO strives to become a self-sustaining media enterprise offering video production facilities and related media resources for the public. WLOO is also committed to nurturing interest in the media arts by the public, students, and aspiring media professionals. As a part of achieving these goals, WLOO is offering two internship positions, one each in: Station Operations and Media Marketing (Fundraising.Emphasis). The Internship positions were developed with the guidance of area colleges to ensure academic requirements for internship credit are met.

Interns will be supervised by the Station Director. The term will be for one academic semester, beginning Fall 2021. Compensation is \$10/hour, not to exceed \$1500 total semester wages. The commitment is for a minimum of 150 hours, spread over the semester. Funding for this City of Waterloo municipal department is through a Spectrum service fee charged to Spectrum subscribers.

Last Name _____ First Name _____ Phone _____
